Gentlemen:

**RE: USADA v. LaTasha Jenkins, AAA No. 30 190 00199 07**

Members of the Panel have deliberated and, unanimously, reached the following conclusions:

1. The Gent and Cologne laboratories have violated ISL 5.2.4.3.2.2;
2. Claimant, USADA, has not demonstrated to the Panel's comfortable satisfaction that this violation did not cause Ms. Jenkins' adverse analytical finding;
3. The testing results of Respondent, LaTasha Jenkins, are set aside.

.../2

As represented to the Parties at the conclusion of the hearing in Chapel Hill, North Carolina on 30 October 2007, the Panel's detailed Reasons in support of its findings will be sent to the Parties in early January 2008.

Yours sincerely,
